

## Finding the right preschool webinar series

Attending preschool is a vital part of children's early childhood learning and community building for families.

The webinars will cover the following topics:

- Preschool readiness
- Developmental milestones and attending preschool
- The benefits of preschool
- Building respectful relationships
- Returning to preschool after time away
- The value of inclusive preschools

They will feature a panel of Plumtree's professionals and are facilitated by our trained parent peer workers, who have lived experience in raising a child with disability.

You will be able to ask questions and learn about choosing the right preschool for your child and family.

### Age focus

For parents, family members and carers of all children aged 2–6 years old. Early childhood professionals are also welcome to attend.

The Nest series is developed by Plumtree and funded by the New South Wales Department of Education under the Start Strong Pathways initiative.

### Cost

Free
