

Music Together Book-in playgroup

Provides musical fun in a relaxed setting, while supporting children's development

Music Together combines music education and musical fun for children aged 3-5 year old and their families.

Music Together offers opportunities for communication and interaction. Children learn social play skills such as turn-taking and sharing while being part of a group and following an enjoyable routine.

The session includes singing, playing percussion instruments, dancing and stories with a focus on interaction and communication.

The Playgroup is facilitated by Dr. Amanda Niland, an experienced music specialist.

Starting in a new group can sometimes be challenging. If your child finds it hard at first to be part of a group, we encourage you to keep on logging in to give them a chance to settle in

Parents, Grandparents, carers and siblings are all welcome.
