

Strengthening Community-based Services under the NDIS

Foundational support

The Early Childhood Intervention (ECI) Best Practice Network invites you to a workshop addressing the impact of the National Disability Insurance Scheme (NDIS) on our sector.

As dedicated volunteers with diverse backgrounds, you understand the challenges faced by boards who are leading community-based organisations.

Join us for a discussion where we will:

- Discuss the implications of the NDIS Review recommendations for foundational support
- Discuss the network's submissions on foundational support

We welcome you to this cross-organisational conversation about shaping the future of community-based early childhood intervention providers.
